Session: Leyton Orient U14s v Northampton
Ben Adams, London, United Kingdom

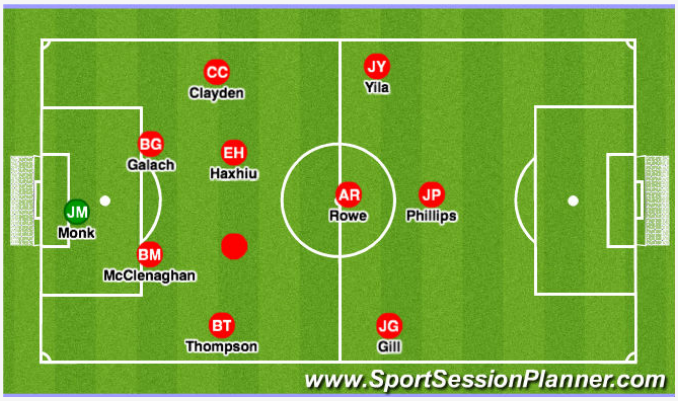

Period 1

Awful period. Looked ok in possession but defensvely very fragile. Opposition always looked like they would score. Two individual areas led to their goals plus a headed goal from a corner. No where near good enough.

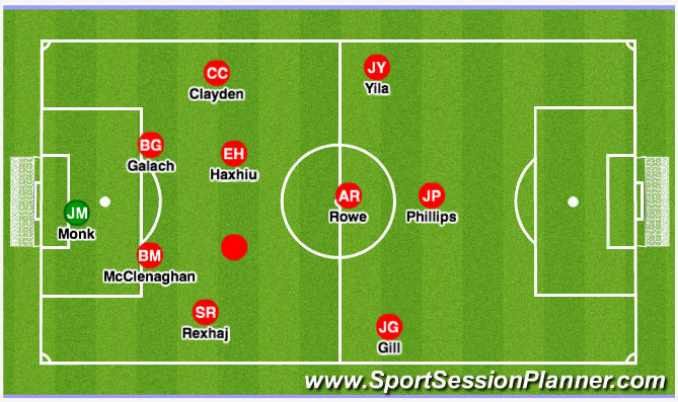

Period 2

A much better period. Bradley and Brian gave us a platform to play and go forward. Jaedon, Charles and Jamie were also much better. Had a few chances but failed to take them.

Period 3

Our best period. Camped in their half and should have scored 6. Aaron Rowe got into the game finally. Charles was a constant threat and Bradley and Brian continued to dominate at the back.

Period 4

A good period with some chances however certian players (Micah, Charles, Aaron, Jamie, Jonny Gill) were getting tired and failing to recover. They scored from a counter attack after we gave the ball away cheaply and failed to deal with a bouncing ball.

A disappointing end having fought our way back in the game.

POsitives: Bradley, Charles, Jaedon, Brian, Micah and Ernold

Negatives: Sokol, Ben, Jonny.
