

## a Reseller-Club: Premier Users' Club

Session: Stevenage vs Peterborough  
Michael Fox, Peterborough, United Kingdom

### Period 1

Players have just started a new cycle on Finishing & Crossing.

Can we play through our diamond to work it out to the left or right hand side and score from a cross?

What movement could you use to create space to get onto a cross?

Can you cross the ball and set up a team mate for a goal scoring opportunity?

All other expectations from previous games still apply. Players should try to.

- Relax
- Awareness ( on & off the ball ) Can the ball see you ?
- Movement ( Support team mates )
- Recover ( when out of possession )

Never get bored of passing the ball & Never get bored of scoring goals.
