Session: Leyton Orient U14s v Luton
Ben Adams, London, United Kingdom

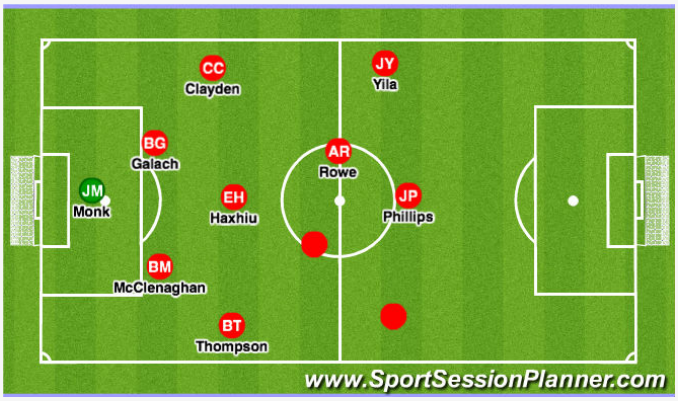

Period 1

A solid start. Some good chances created. Brad and Brian defended well.

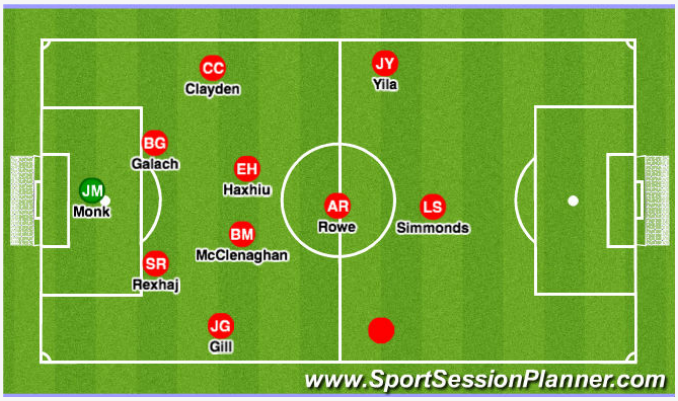

Period 2

A good period which we dominated but conceded a poor goal from a defensive error trying to play out from the back.

Period 3

A good period which we dominated possession. Looked a bit vulnerable at the back without Bradley there. Logan struggled physically but has been out for a while. Charles a constant threat.

Period 4

A poor period. We didnt defend well and they scored two very scrappy goals through power and strength. We had chances to score but failed to take them.

Overall a good performance but size was the difference. We were very wasteful in front of goal.
